## Surpass Hosting SSH Authorization Form

### Overview:

In order to receive jailed SSH access on Surpass web server, we require to have a copy of your identification on file.

This may be in the form of driver's license, passport, or state issued ID.

By signing this form you agree that you are responsible for any server issues caused by your actions. We may revoke SSH access at anytime.

### Instructions:

Please print these two pages and fill out the information below. Photocopy the front of your government issued photo ID card either on this form or a separate piece of paper and sign the bottom of the page. Return the completed forms with a copy of your photo ID by faxing or scanning and emailing to the contact information outlined above. We appreciate cooperation, for both your protection and ours!

\*\*\*Note: Your order will not be processed until ALL documentation is provided.
